CAMPS

For ages 12 - 17

English Language Camp

Our English Language Camp helps students improve their English through formal in-class teaching and applied activities in science, art and school trips. Examples of coursework include watching and discussing TV shows, news and movies, reading about current events, practicing different styles of writing and having classroom debates.

Math & Science Camp

Our Math & Science Camp caters to students who would like enriched academic programming throughout the summer. This camp is directed by our science faculty, who design activities that are engaging, fun and interesting. Campers will hone their math and science skills through formal in-class teaching and experiments.

BRONTE COLLEGE SUMMER CAMP 2020

Bronte College is a private, co-educational day and boarding school committed to providing a learning environment that emphasizes academic excellence and individual growth. Bronte College first offered Summer Camp in 1996, and its success has attracted young people worldwide. We offer two camps for students: our English Language Camp for students who want to improve their English, and our Math & Science Camp for students who want enriched academic programming during the summer.

Our Summer Camps are designed to provide constant supervision in a caring environment. All camps include approximately 3 hours of daily classroom instruction, accommodation, nutritious meals, health insurance, daily activities, and weekend excursions. Students who attend our camps will make lasting memories and new friends from all over the world.

LOCATION

Bronte College is centrally located in Mississauga, Ontario and is just 20 minutes away from downtown Toronto and Pearson International Airport. Campers will stay in our residence and enjoy the amenities we have to offer, including our fitness room, gymnasium, library, art and science labs, full-service cafeteria and music room.

RESIDENCE & CAFETERIA

Our residence offers safe, comfortable rooms and is conveniently connected to our academic facilities. Male and female students are restricted to different floors of the residence and are closely monitored 24 hours a day, seven days a week. Bathrooms are shared between five to six rooms and laundry machines are also available for use in the residence.

The full-service cafeteria provides nutritious meals catered by an international team. Meals are offered seven days a week, and include breakfast, lunch and dinner. Special meals are prepared to accommodate students with dietary restrictions.
