

December 3, 2020

Dear Bronte Community,

The number one focus of Bronte College continues to be the health and safety of our students and all members of our community. For this reason, we have decided to continue classes online until the end of the semester. After the two-week holiday break, starting December 18th, classes will resume online on January 4th, 2021.

We thank everyone for feedback to the Online Learning Extension letter that was sent out last week. In addressing some of your concerns, we will be offering both in-person learning and online learning, which will begin at the start of second semester, February 1st, 2021. Please note international students who choose the online learning option must obtain a study VISA prior to the start of second semester.

## TRAVELLING INTO CANADA

As you prepare to travel into Canada, please be mindful of new public health measures and travel requirements. [Click here for more information](#). As part of Canada's efforts to reduce the spread of COVID-19, all eligible travellers are required to provide essential information at arrival and after entry into Canada.

ArriveCAN is a user-friendly digital tool to help travellers comply with these border measures quickly and securely. It is available as a mobile app or by signing in online.

If you are travelling to Canada by air, it is now **mandatory** to use ArriveCAN to submit your information digitally before you board your flight. Students will be required to submit their contact and travel information, their quarantine plan, and a COVID-19 symptom self-assessment. Students must be ready to show their ArriveCAN receipt when seeking entry into Canada; a border services officer will verify that information has been submitted digitally.

***Required documents will be sent to students upon receipt of flight information.***
