

BRONTE BEAT - Volume 33 - Issue 28

February 22, 2024

We hope that all our students and staff at Bronte are rested and rejuvenated after enjoying a long Family Day weekend. The next upcoming holiday will be March break from the 11th – 22nd of March. A gentle reminder to all our students who plan to travel during the March break, kindly have your parents email your flight details to Dr. Gouda.

ACADEMICS

During a recent physics class, our students experimented to analyze the correlation between height, acceleration, and gravity. This allowed them to explore fundamental principles of motion and gravitational force. It was fascinating to see how each student had unique ideas that came to life during the experiment.

CAMPUS LIFE

To celebrate Family Day, our students were encouraged to wear clothing that represents their home countries or any cultural significance. It was a lovely sight to see the happy and proud faces of our students all dressed up.

In a hands-on cooking session, students learned how to make delectable sushi baked casserole.
