

BRONTE BEAT - Volume 33 - Issue 29

February 29, 2024

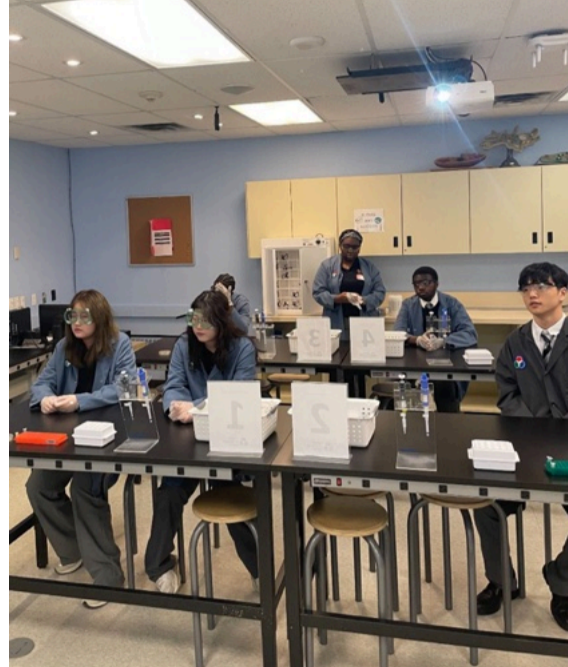

As we head into March, a quick reminder that the next upcoming holiday will be March Break from the 11th – 22nd of March. Students who plan to travel during the break should have their parents email their flight details to Dr. Gouda.

To celebrate Black History Month, our Student Athletic Council held an event where students could taste delicious cultural foods and enjoy fun and engaging games inspired by African culture.

ACADEMICS

Our grade 11 biology and chemistry students visited "Way to Glow" at the Ontario Science Centre, where they engaged in a biotechnology lab focusing on transforming E. coli bacteria. The lab involved inserting the Glow Gene "gP40" and an ampicillin-resistant gene "bla" into non-pathogenic E. coli strains. The results revealed that bacterial colonies glowing under UV light had successfully incorporated the glow gene into their DNA. This hands-on experience provided insight into genetic engineering, typically conducted at the university level, with potential applications in neuroscience and human genetics research.

SPORTS

Our table tennis team took part in the qualifier tournament at the ROPSSAA TABLE TENNIS CHAMPIONSHIP 2024 - We had two Senior Boys Doubles teams and two Senior Boys Singles participating in the competition. All team members put in a lot of effort and performed well. Our best player was Zakaria, who secured the 5th position overall in the championship.

CAMPUS LIFE

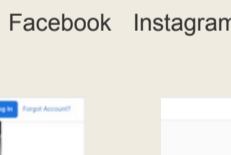

Our campus life students are enjoying Smash Burgers that they made from scratch themselves!
