

BRONTE BEAT - Volume 33 - Issue 35

April 18, 2024

As we enter the month of April, the weather has shifted towards the summer season, bringing in warm and sunny days with occasional showers. With longer daylight hours, it's a great time to take a leisurely walk around the campus and enjoy the fresh air and sunshine.

## WHAT'S HAPPENING ON CAMPUS

Our Visual Arts students recently went to the Living Arts Centre in Mississauga, a renowned performing arts center. They attended a Clay Mask Workshop where they gained hands-on experience in sculpting and moulding techniques. This immersive experience allowed them to explore and express their creativity, enriching their understanding of the visual arts.

A yoga instructor was invited to join our Physical Education class to teach our students various poses and exercises that improve flexibility, strength, and balance. Yoga not only helps in enhancing physical fitness but also fosters overall well-being by integrating mind, body, and spirit through mindful movement and breath awareness.

Our grade 11 and 12 students visited the Ontario Science Centre for the "Chemistry in Action" lab. They observed real reactions involving Thermochemistry, Chemical Equilibrium, and Chemiluminescence. It was an engaging experience that brought these concepts to life through interactive demonstrations and experiments.
