

BRONTE BEAT - Volume 33 - Issue 37

May 2, 2024

The weather appears to have finally transitioned into summer mode, with occasional showers amongst those beautiful sunny days. We highly recommend that our students take advantage of the sunshine and get some fresh air by going outside.

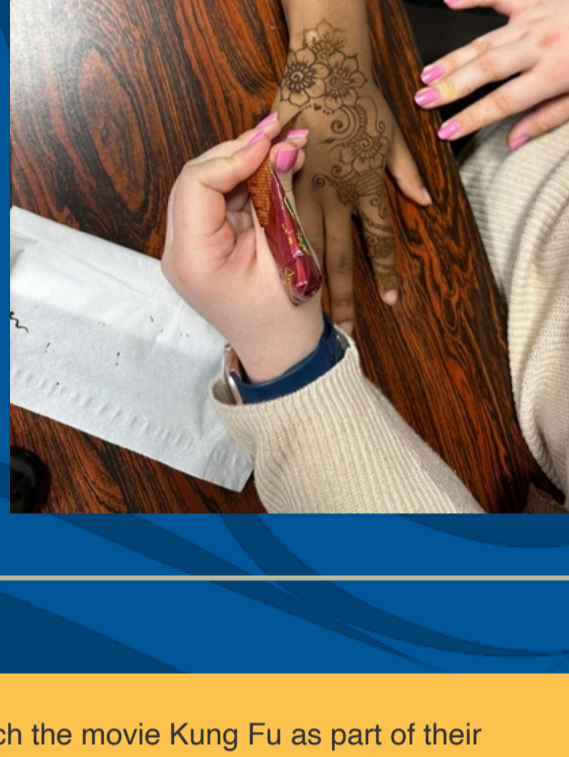

WHAT'S HAPPENING ON CAMPUS

Our students Kemi, Precious, and Emmanuela prepared some delicious authentic Nigerian meat pies and invited all the students to come and enjoy them. It was a fantastic way to share and learn about different cultures and cuisines.

Our students enjoyed a henna night where our campus life team applied henna, temporary tattoos made of naturally dried henna leaves, in various patterns and styles. The event was a hit amongst our students as they had the opportunity to request their own ideas for the tattoos.

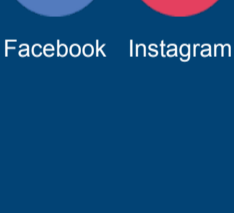

Students from the **OLC40** were taken to watch the movie Kung Fu as part of their course. This course is designed to help students acquire and demonstrate the cross-curricular literacy skills that are evaluated by the Ontario Secondary School Literacy Test (OSSLT).

SIR ISAAC NEWTON'S PHYSICS EXAM

This morning, our students took part in the **Sir Isaac Newton Physics Exam**. The exam is a challenging test of high school physics offered by the Department of Physics & Astronomy at the University of Waterloo. It aims to promote the teaching of physics and is known for its refreshing and enjoyable approach. Students from Canada, the USA, and other parts of the world participate in this exam. We are confident that our students will do exceptionally well.
