

BRONTE BEAT - Volume 33 - Issue 42

June 6, 2024

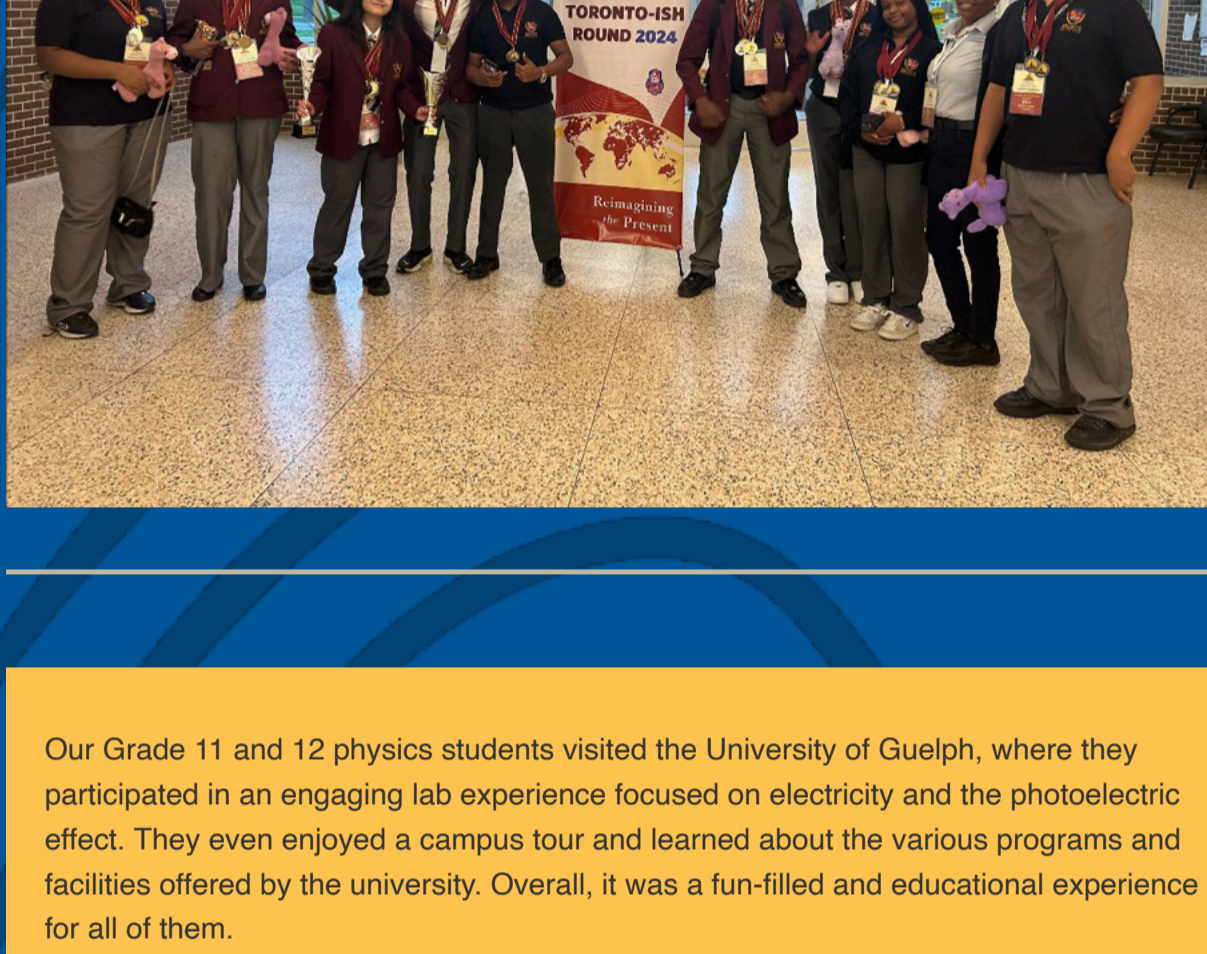

It's almost time to say goodbye to our 2024 graduates and although we will miss them, we can't wait to learn about all the amazing things they will accomplish on their new journey. We know they will do great things!

WHAT'S HAPPENING ON CAMPUS

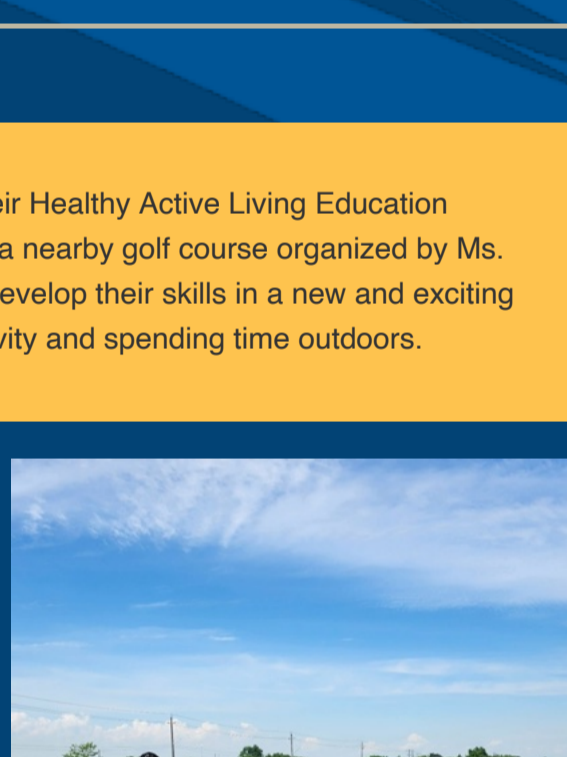

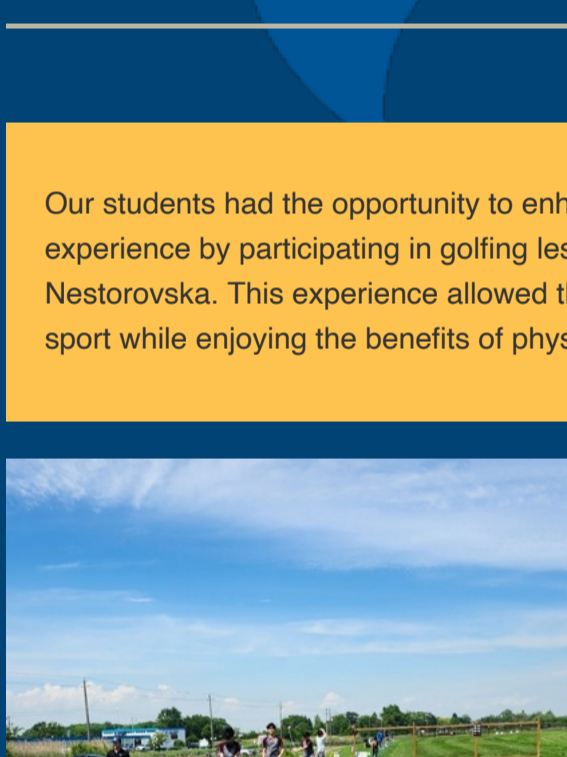

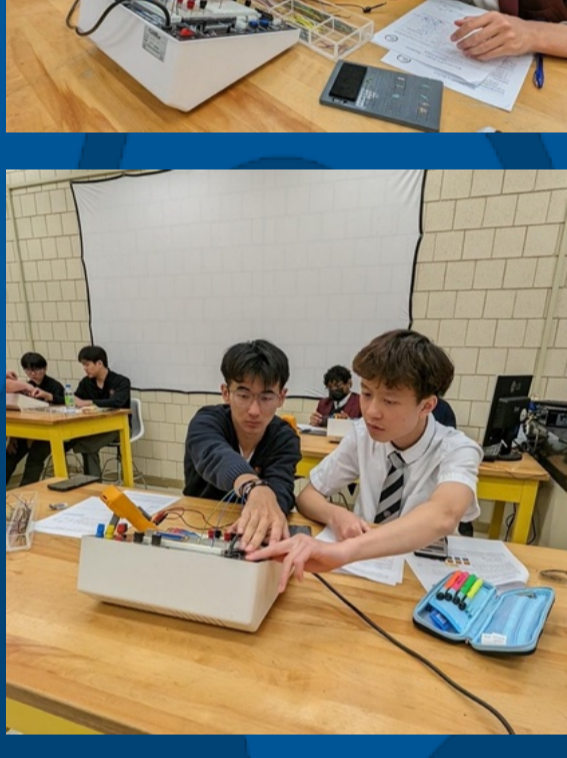

Our students participated in a marathon fundraiser at The Centre for Addiction and Mental Health (CAMH), an organization dedicated to advancing treatment, recovery, and understanding of mental illnesses. We are very proud of our students!

We want to congratulate the Bronte College Debate Team for their exceptional performance at the World Scholars Cup in Cobourg. This year, they earned a total of 30 gold and 17 silver medals. Samantha stood out as the top debater, achieving gold in 5 out of 6 categories and silver in the remaining category. She was awarded two trophies - The Jack Khor Award and the overall 1st place scholar. Overall, Bronte College placed second in the competition and all 3 teams qualified for the global round.

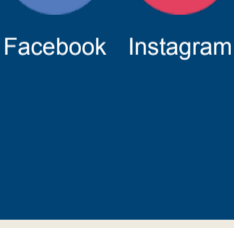

Our Grade 11 and 12 physics students visited the University of Guelph, where they participated in an engaging lab experience focused on electricity and the photoelectric effect. They even enjoyed a campus tour and learned about the various programs and facilities offered by the university. Overall, it was a fun-filled and educational experience for all of them.

Our students had the opportunity to enhance their Healthy Active Living Education experience by participating in golfing lessons at a nearby golf course organized by Ms. Nestorovska. This experience allowed them to develop their skills in a new and exciting sport while enjoying the benefits of physical activity and spending time outdoors.
